

HALLELUJAH

VERSE

God, I know you're here with me,
I know you're listening,
you're always listening

VERSE

I can't, do this on my own,
weary eyes and heavy soul,
like I'm standing all alone

PRE-CHORUS

As the days keep passing by,
in spite of how hard I try,
I can't hear your voice,
but I choose to seek your face,
no matter – the circumstances,
I'll always give you praise!

VERSE

I'm, I'm down here on my knees,
this is what's left of me, take it all – all of me
I'm down here on my knees

CHORUS

Hallelujah

I'm down here on my knees

HIGHER

VERSE

Make it stop, make it silent,
I don't want to go there tonight
make it stop make it silent

VERSE

Take it off, oh the burden,
I don't want it to ruin my heart,
take it off, oh the burden

PRE-CHORUS

When I drop down to my knees
and the pain it overwhelms me,
please don't leave me, be here by my side,
give me a reason not to cry

CHORUS

Take me higher, higher
far away from here, make it disappear
Higher, God take me higher,
to where I can see you, far away from here

VERSE

Then you speak, speak to me
"I'm right here, lay your head now to rest,
I'll take it all, all your burdens"

VERSE

Father here in your presence
I am safe, resting here in your arms

REALINE

VERSE

I work and use the skills you gave me,
the more I have, the more I should give
I do my best just to stay faithful not giving in

VERSE

Tiredness it falls upon me,
I'm almost giving up these days,
but I'll be patient, knowing you are never late

CHORUS

God, when I fall, when I rise, when I'm feeling
small, close my eyes, realine my believe in
all that you spoke over me all those years ago

VERSE

Where ever your call might take me,
I'll give you all I have to give,
but nothing I do really matters when you are not there
God please lead me – oh oh
